Instructions for SmartAura Examination System

General Guidelines

- **Voice Commands**: The system is voice-enabled. Use the prescribed commands for navigation, answering, and submitting the exam. For example:
    - Say "Next question" to proceed.
    - Say "Repeat question" to hear the question again.
- **Authentication**: Ensure your face is within the camera's view for secure facial recognition login. This step is hands-free and ensures your identity verification.
- **Exam Timing**: The total duration of the exam is [X minutes]. You will receive periodic voice alerts to track your time (e.g., at the halfway mark and final 5 minutes).
- **Answer Submission**:
    - Say "Option A," "Option B," etc., to select your answer.
    - Confirm by saying "Lock answer" after choosing your response.
    - You can skip a question by saying "Skip question."
- **Navigating Back**: You can return to a previously skipped question by saying, "Previous question."

Exam Rules

- No external assistance is allowed during the exam. Any suspicious behavior will be flagged.
- You cannot pause the exam once it starts.

Accessibility-Specific Features

- Speak clearly and at a moderate pace for optimal system response.
- The system will confirm your commands vocally to avoid misunderstandings.

Submission Guidelines

- The exam will auto-submit once the time is up. You may manually submit by saying, "Submit exam."
- Confirm submission by saying "Yes, submit," to prevent accidental submissions.
